

COVIDSafe Workplace: Physical Recreation

This visual guide is an overview of key restrictions and recommendations for your industry. Learn more at coronavirus.vic.gov.au/business

Use the Victorian Government QR Code Service to check-in workers, customers and visitors

Victorians must check-in everywhere, every time no matter how long they are at the premises.

Assign a COVID Check-in Marshal

Cleaning and disinfecting

Display a comprehensive cleaning schedule so it is easily accessible to workers (recommended).

Regularly clean shared and public spaces with disinfectant

Clean high-touch surfaces twice each day and clean shared equipment between uses.

Avoid congregating around pool

Observe density quotients and capacity limits

Use floor markings to reinforce physical distancing (recommended)

Display signage at each public entry to each indoor and outdoor space and points of sale

Face mask requirements

You must follow current face mask directions or other PPE guidelines for your industry.

Ensure hand sanitiser is available at entrances and throughout the workplace (recommended)

Recommend minimum distance of 1.5 metres between participants
